Chester H. Ho, M.D.

Chief, Spinal Cord Injury, Cleveland VA Medical Center

Assistant Professor

Physical Medicine & Rehabilitation

CWRU School of Medicine

Pulsatile Lavage for the Enhancement of Pressure Ulcer Healing: A Randomized, Controlled Trial

Learning Objectives:

1. To be familiar with the use of pulsatile lavage as a mode of hydrotherapy.
2. To be able to compare the differences between whirlpool therapy and pulsatile lavage as hydrotherapy.
3. To understand the potential benefits of the use of pulsatile lavage in the treatment of pressure ulcers.

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians. Case Western Reserve University School of Medicine designates this continuing medical education activity as meeting the criteria for 3 *AMA PRA Category 1 Credit™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.
